

Response to reviewer-1

Throughout the paper, revised for clarity.

Adopted the reviewer's suggestion of title.

Revised the abstract to address the analysis and findings.

Reorganized content. Changed and moved headings as needed. Rewrote sections for clarity

Revised the literature review and tightened its structure and rearranged content for better clarity.

Response to reviewer-2

Rewrote and revised sections for better organization and clarity. Toned down the opinionated tone. Organized the information to make a stronger structure
